"Everyone is on a very special journey, and we have had the honor and the JOY to be a part of that with these amazing homeowners. They have become so dear to us. Symphony of Seasons was created from my heart with the motto, "In every season of your journey, God is writing your symphony to make all things beautiful". I have the most incredible team that live their life daily serving others with great joy and love in some capacity. We are so thankful to be a part of Habitat for Humanity of Kenosha.
