

August edition

what we are currently doing in our community...

- We will be scheduling a home dedication for 2215 67th St in the near future.
- We finished painting & we are getting ready to install flooring at our 10th new build - 2018 45th St.
Journey Church is a "Heart of the Home" sponsor for this home build.

JOURNEYCHURCH
Making it easy to find and experience God

- 5311 17th Avenue (11th new build) will be enclosed soon.
- The hole has been dug at 5503 23rd Avenue (12th new build). We will begin framing the home in August!

- **September 24th - Virtual Bingo ReStore Fundraiser** – Save the date. More information coming soon!
- **October 17th - Virtual Foreclosure Prevention Seminar** - Save the date. More information coming soon!

Volunteering at the Build Site ...

Times are uncertain, directives are changing, and we are doing our best to stay afoot.

Habitat for Humanity International strongly recommends that affiliates limit “on-site” and other in-person volunteers to regular *skilled* volunteers who work with the affiliate eight or more hours each month. Again, this recommendation is grounded in our shared commitment to health and safety.

Our affiliate always strives to be in line with Habitat for Humanity International. This being said, starting on **Monday, August 10th** (until further notice) we will limit our volunteering on the build site to only our Site Leaders, Carpenter's Club members, future Homeowners, and Homeowners friends/family who are donating sweat equity.

This doesn't mean that you can't partner with Habitat for Humanity of Kenosha! Check out our website [HERE](#) to see all the different ways to stay involved with all we are doing here in the Kenosha community.

everyone
deserves a decent place to live

Give Tide ...

Never underestimate the power of your spare change! Download the GiveTide app and send your spare change to HFHK to help us further our mission here in Kenosha.

After you have attached your bank, GiveTide will automatically round up the spare change on your everyday purchases to the nearest dollar. You can set a weekly cap to automatically turn off roundups after a specific amount.

Your roundups are periodically charged to your account and transferred to a fiduciary donor-advised fund. Your in-app donations are relayed to the donor-advised fund, which executes them on your behalf.

This structure creates a seamless donation experience, while simultaneously protecting the integrity of your donations.
