

Hello,

I'd like to invite you to participate in the third Habitat for Humanity of Kenosha Community Build Week! During the last week of April 2024, Habitat for Humanity of Kenosha will partner with local organizations to raise funds, increase awareness, and help local families to achieve their dream of home ownership. Last year our goal was to raise \$20,000, and we surpassed that goal, raising just under \$35,000! We hope that you will join us as we hope to raise a similar amount.

For over 40 years, Habitat for Humanity has been building homes for families in the United States. Habitat for Humanity of Kenosha is an affiliate of Habitat for Humanity International, and we are responsible for raising 100% of our community's funding; every penny we raise is invested back into Kenosha. We have been up and running since 2012, and we're proud to have provided homes for 17 families so far. We have 4 homes currently under construction and another 6 lots ready for us to break ground.

People are often surprised to hear that Habitat for Humanity does not simply give homes to our homeowners. Instead, we integrate future homeowners into the entire process, giving them essential skills and knowledge to become successful homeowners. We provide financial education, which helps build both their confidence and their ability to succeed. We help them develop a plan for their new home, as most of our homeowners have been renters and are unfamiliar with home maintenance. In addition, after qualifying for our program, future homeowners commit to 250+ hours of "sweat equity" by working on any of the current homes we are building. All these elements combine to create a knowledgeable homeowner who is invested in both their own success and the success of the other homeowners in our community.

Our goal with Community Build Week is to bring local organizations together to continue working toward this common goal of support and growth. **If your organization is not able to provide volunteers along with your sponsorship funding, we may be able to pair you with a nonprofit that has volunteers but no sponsorship funding available.**

Please review the following sponsorship options. While helping to build a stronger Kenosha, you can build awareness for your own organization as well! If you would like to participate in Community Build Week or have any questions, you can reach me or Lynne (our CBW lead) at communitybuild@habitatkenosha.org. Thank you for your consideration!

Angela Elliott
